Warehouse for ~~Inert Comp.~~  
Storage and Office Building  
(Building No. 21) CE  
HABS NO. UT-125-~~XXXX~~  
Page 1

Located at the westernmost edge of the complex of structures in the ordnance area, this is a one-story frame structure measuring 37 feet-7 inches by 109 feet-10 inches. It was built by H & D from 800-126 plans.

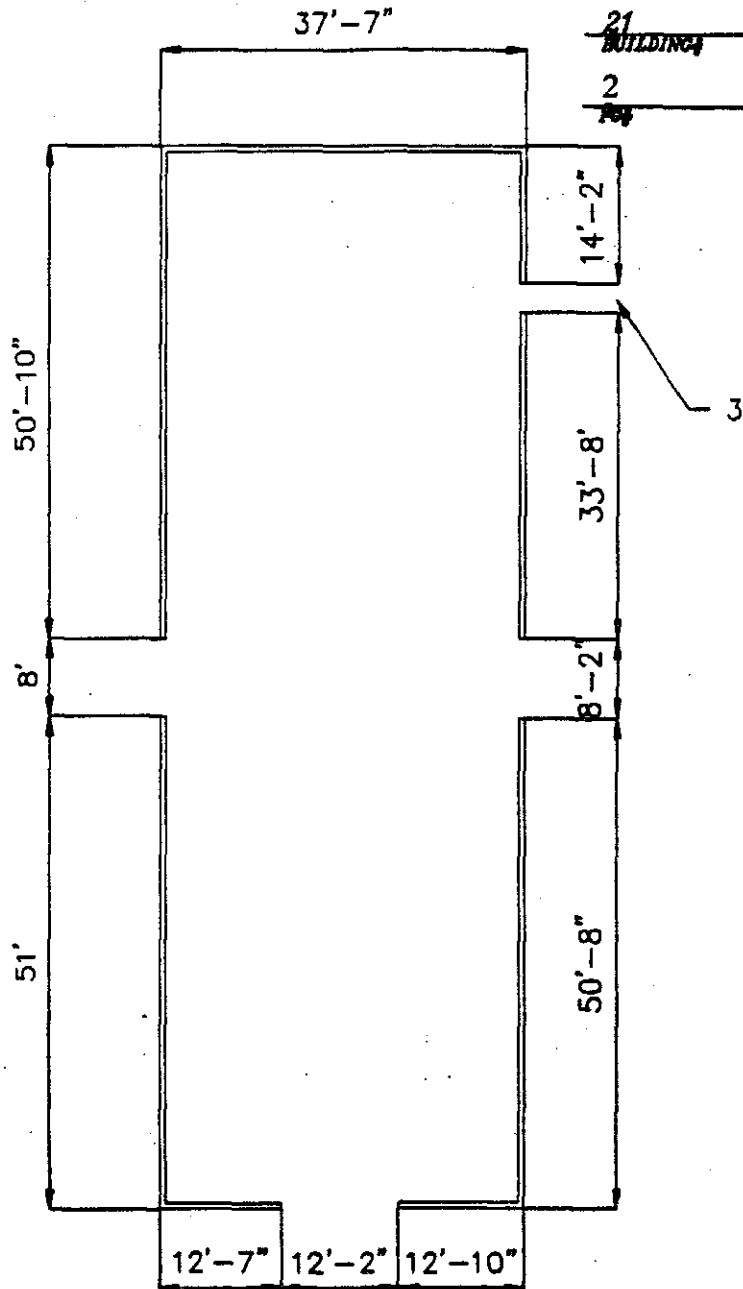

The building has a concrete slab foundation, wood frame walls and roof structure and horizontal wood siding. The gabled roof has "asbestos cement shingles" (asphalt?) on solid decking. There are several small wood and metal vents on the roof. The west wall has had its windows boarded to allow for new earth berming up 6' along the wall. The north wall has a mandoor opening (no door), while garage door sized openings (no doors) exist in the south and east walls. Over the large east opening is painted "MUNITIONS" with "180TH CAM" painted on the wall south of the opening. The vacant building is a large open space inside. It needs painting, but appears to be in sound structural condition.
